ADV2001

Pre-alert on End-of-Life (EOL) of Flip Chip Products with Leaded Solder Balls 2nd level interconnect

Description:

Intel® is pre-notifying customers of an upcoming End-of-Life involving Field Programmable Grid Array (FPGA) Flip Chip products with leaded solder balls as 2nd level interconnect. These products currently use eutectic Tin-Lead bumps for 1st level interconnect.

Intel received notification from the foundry supplier that eutectic leaded bumped die supply will be discontinued. There is foreseen shift in demand towards leadfree bumping with the EU Restriction of Hazardous Substances (RoHS) Directive Exemption 15 scope change in February 29, 2020 and subsequent expiry in July 21, 2021.

Table 1 below outlines the replacement availability and Table 2 notes important information about the replacement leadfree products. Replacement parts are with “G” suffix on the part number (OPN) indicating leadfree bumps and leadfree solder balls.

Table 1: Replacement Availability Status

| | Available for orders | Availability to be advised |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Product Family | <ul style="list-style-type: none">• Arria® II• Arria® V• Arria® V SoC• Stratix® III• Stratix® IV• Stratix® V GS | <ul style="list-style-type: none">• Arria® GX• Stratix® II• Stratix® II GX• Stratix® V E |
| | <ul style="list-style-type: none">• Stratix® V GX (selected part numbers [OPNs]; see list in “Products Affected” section) | <ul style="list-style-type: none">• Stratix® V GX (selected OPNs, see list in “Products Affected” section) |
| Samples & Production Timeline | Part numbers with “G” suffix indicating leadfree bumps and leadfree solder balls are available for orders. | Samples of parts with leadfree bumps and leadfree solder balls not yet available. Please contact your sales representative. |

Table 2: Important Information About the Replacement Leadfree Products

| | |
|-----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Ordering code | <p>New Ordering Part Numbers (OPNs) are assigned to the replacement products. A “G” suffix is added to indicate the fully leadfree replacement.</p> <p>Existing OPNs with leaded solder bumps and leaded solder balls will eventually be retired and a separate Product Discontinuation Notice (PDN) will be issued to officially notify customers.</p> |
| Quality and Reliability Qualification Status | <p><u>Products with replacement available now:</u> Package reliability qualification testing has been successfully completed.</p> <p><u>Products with to-be-advised date of replacement availability:</u> Package reliability qualification is in progress. The completion date is to be advised.</p> |
| Assembly Site | The assembly sites are the same: ASE Taiwan and Amkor Korea. |
| Bill of Materials | <p>The 63/37 Sn-Pb leaded bumps and leaded solder balls will be replaced with leadfree SnAg1.8 bumps and leadfree Sn3Ag0.5Cu solder balls.</p> <p>The leadfree solder bumps necessitated changes to other materials within the BOM (Bill of Materials) to meet manufacturability and package reliability requirements.</p> |
| Package Form and Fit | <p>There will be modifications to the package form and fit for the following product families: Stratix III & Arria II GX (lidless package). Applicable Package Outline Drawings (POD) for “G” part numbers are now available at:</p> <p>https://www.intel.com/content/www/us/en/programmable/support/literature/lit-index/lit-pkg.html</p> |
| Function and Electrical Specification | The change does not impact the function and electrical specifications of the affected products. |
| Reflow and Soldering Information | <p>SMT conditions are different for leadfree solder balls vs leaded solder balls. Refer to Apps Notes AN-353 for SMT Board Assembly Process Recommendations:</p> <p>https://www.intel.com/content/dam/www/programmable/us/en/pdfs/literature/an/an353.pdf</p> |

Recommended Action:

It is recommended for customers to switch to the fully lead-free converted products (with the “G” suffix). Please see the link provided in the “Products Affected” section listing the new OPNs of the converted parts.

Products Affected:

| Part numbers with leaded solder balls belonging to the following product families | | |
|-----------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none">• Arria GX• Arria II• Arria V• Arria V SoC | <ul style="list-style-type: none">• Stratix II• Stratix II GX• Stratix III• Stratix IV | <ul style="list-style-type: none">• Stratix V E• Stratix V GS• Stratix V GX |

The link below contains the list of affected OPNs with the corresponding conversion status and new OPN (where applicable).

<https://www.intel.com/content/dam/www/programmable/us/en/pdfs/literature/pcn/adv2001-opn-list.xlsx>

Reason for Change:

Intel received notification from the foundry supplier that eutectic leaded bumped die supply will be discontinued. There is foreseen shift in demand towards leadfree bumping with the EU Restriction of Hazardous Substances (RoHS) Directive Exemption 15 scope change in February 29, 2020 and subsequent expiry in July 21, 2021.

Contact:

For more information, please contact your Sales representative or submit a Service Request at the [My Intel](#) support page.

Customer Notifications Subscription:

Customers that subscribe to Intel PSG's customer notification mailing list can receive the Customer Advisory automatically via email.

If you would like to receive customer notifications by email, please subscribe to our customer notification mailing list at:
